Dear Mr. Divon,

Our Professional Development Academy was an overwhelming success. Success does not happen by accident, it takes meticulous planning, hard work and a great team effort.

Thank you for being part of our team and for the outstanding job presenting at the Pine Bush Professional Development Academy. I have received countless e-mails praising the depth, breadth and quality of the workshops of the presenters, as well as the incredible keynote speakers. Each time I visit a school building in the district, someone stops me to say how much they enjoyed the variety of workshops that were offered and the myriad of ideas shared and knowledge gained. In fact, many teachers have stated that this was the best opening of school they have had here in Pine Bush.

Thank you so much for what you brought to the Academy. You have truly had a positive impact on our teachers and students they serve. I certainly hope that you will consider being part of our winning team at next year's Professional Development Academy.

Thanks again for a job well done.

Sincerely,

Philip G. Steinberg
Superintendent of Schools
