Dear Guy:

On behalf of the Orange County Chamber and the other hosting organizations, thank you very much for being a vendor at our first Sustainability Summit last week. Your support of this important event was absolutely key to its success.

Your commitment to sustainability is very commendable. It's gratifying to see businesses like yours publicly demonstrating this commitment by exhibiting at an event that promoted the need for everyone to do all they can to eat, shop, do business and live "green." Again, thank you.

Sincerely yours,

John A. D'Ambrosio, Ed.D.  
President
